Tri-County Contractor's Association (TCCA)

Scholarship Guidelines

I. Scholarship Program

The Tri-County Contractor's Association will provide selected scholarship recipients with tuition funds for one academic year to pursue trade school, college or university education in a construction-related field. Full-time and part-time students from all academic levels, including incoming freshmen, under-graduates and graduate students, who represent a variety of majors and career goals **in a construction related field**, are encouraged to apply.

Applicants will be judged on both academic and citizenship achievements. Financial need will not be considered. Final selections will be made by a scholarship committee that will determine the amount awarded to each recipient. Applicants will be notified by mail of the final selection and the amount of their award.

The scholarship may be used only for payment of tuition and/or academic fees and any remainder must be credited to the second term's tuition and/or academic fees for the academic year.

II. Eligibility

Each applicant must be either the dependent of an employee, or an employee of, a TCCA-member company, and should be enrolled in an accredited college, university or trade school for the current academic year. In order to be considered for the upcoming academic year, applicants must submit their paperwork to the TCCA office by the **April 26, 2019** deadline.
